

September 25, 2019

Business Managers:

During the presentation on our Wellness Program in Charlottetown, it was reported we would be sending out Application Forms for the Pregnancy Benefit as well as the Maternity and Parental Leave Benefits. Please see attached.

We would ask that you circulate them to any members in good standing who wish to apply for these benefits. We would also ask that you post them on your Local's Website or refer interested members to the UA CANADA Site.

Some of you expressed interest in having more copies of the Brochures, Posters and the Promotional Stickers. PDF's of these items are attached to this email. Once again, we encourage the Locals to post these on your Local's Website. For those of you that would like to include these documents in a future mailing, please let us know what and how many are required.

The Trustees will be asked to consider a list of venues across the country where we will be holding Information Meetings, where we will outline the many services that are available through our National Member Assistance Program. We would encourage members to attend along with their partners. We will be sending out a list of the times and locations across the country in the weeks to come.

We would ask all locals to assist with the promotion of these Information Meetings, to ensure that our members and their families are aware of the services available, should they require them.

I look forward to sharing more information in the near future.

Sincerely,

Steve Morrison
International Vice President – District 6
UA Director of Canadian Affairs
